

Letter of Reference on agent relationship

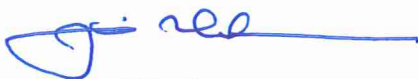

The **REACH Regulation** N°1907/2006 of 18 December 2006 sets up a system for the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) in the European Economic Area. For this purpose, the **European Chemicals Agency** (ECHA) has been established in Helsinki, Finland. As a consequence of the REACH Regulation entering into force in 2007, companies using chemical substances as such or as part of mixtures or articles, need to take actions to secure their supply and use of these chemicals, whereas companies manufacturing and importing chemical substances into the EU / EEA will have to register these chemical substance at the European Chemicals Agency in Helsinki, Finland.

Established in Helsinki, today present also in Brussels, New Delhi and Istanbul, **REACHLaw Ltd.** provides a full set of global regulatory compliance services and timely solutions to its customers.
